

Informed Consent Note

Study Title: A Multicenter, Double-Blind, Randomized, Placebo-Controlled, DoseResponse Trial of YKP3089 as Adjunctive Therapy in Subjects with Partial Onset Seizures, with Optional Open-Label Extension

**Principal Investigator: Dr. [Spec]
Participant ID: 001**

Documentation of the Informed Consent Process

I provided adequate opportunity for the participant/LAR to review, consider, and inquire about the details of this research study. The participant/LAR was given a copy of the signed consent document. Informed consent was obtained prior to participation in study procedures.

LAR:

The abovementioned research study was discussed with the Legally Authorized Representative (LAR) _____. The LAR confirmed his/her authority to make research decisions.

The LAR possesses the following Authority_____ (e.g. power of attorney, legal guardianship):

Alternative consent process:

The consent document for the abovementioned research study was mailed/emailed/faxed and discussed with the participant/LAR by phone_____ (note dates).
The signed document was received: _____ (Date)

Obtaining Consent or Assent from Individuals who Cannot Read (such as those who are temporarily or legally blind or illiterate):

The study team read the consent documents aloud to the participant.
_____ (Name), an impartial witness, observed the consent process.

Obtaining Consent or Assent from Individuals who Cannot Sign

The participant was unable to sign the consent document. As a result, the participant “made their mark” on the form.

Informed Consent Note

Short Form Process:

Document the use of a Short Form as specified on the cover letter of each Short Form:

- ☐ The **translator** read the English consent form and verbally translated the information to the participant or the participant's legally authorized representative (LAR). The consent process was witnessed by _____ (Name), who is fluent in both English and the participant's language.
- ☐ If LAR provides consent:
 - The LAR confirms the appropriate legal authority to consent on the participant's behalf.
- ☐ The study participant/LAR, was given copies of the following:
 - The short form consent signed by the participant and the witness
 - The IRB-approved English consent signed by the witness and person obtaining consent

Re-consent:

The participant/LAR was given updated information. The participant verbalized understanding and willingness to continue participation.
