PROFESSIONAL SUMMARY

Clinical research professional with GCP, CITI, and HIPS certifications and faculty-supervised research experience exceeding two years across two institutions, including two independent literature reviews on cognitive decline, hippocampal function, and neurodegeneration risk factors. Combines direct patient-facing clinical work with hands-on biospecimen coordination experience, eligibility-screening workflow design, and evidence-based regulatory documentation habits.

CORE COMPETENCIES

Biospecimen & Lab Kit Coordination, IRB & Regulatory Compliance, REDCap, GCP/ICH/FDA Compliance, Epic EHR & Data Management, Chart Review & Source Documentation, Epic & Athena EHR Data Management, Cross-Functional Team Leadership, Health Education Program Coordination, Care Management & Prior Authorization, Literature Synthesis & Qualitative Research.

WORK EXPERIENCE

Summit Gastroenterology PLLC
Medical Assistant >> Lead Medical Assistant ***02/2026 – 09/2026***

- Coordinated with Castle Biosciences to perform TissueCypher testing for patients with Barrett's esophagus, managing biospecimen and lab-kit logistics to support risk stratification for future disease progression.
- Secured prior authorization for a specialty medication for a patient by building and presenting a clinical evidence-based case to the payer, reversing an initial denial.
- Roomed patients, recorded vitals, and documented chief complaints and medication lists in EHR to prepare for provider encounters.
- Drafted successful appeal letters for patients with chronic conditions and conducted peer to peer meetings with ordering providers to ensure treatment plans are met.
- Assisted with procedure scheduling, acquiring prior authorization for procedures and infusion therapies, and insurance eligibility verification.

The Marketplace **Mansfield, TX**
Operations Manager ***07/2025-02/2026***

- Directed end-to-end operations of a family-owned retail business overseeing purchasing, pricing, sales, vendor management and financial tracking.
- Led point-of-sale system procurement and implementation: evaluated Toast’s platform with its sales team, selected the system, and coordinated technician installation and configuration.
- Maintained sales, inventory and expense records in Toast reporting, backed up in Excel to guide purchasing and pricing decisions.

University of Houston **Houston, TX**
Faculty Research Assistant ***01/2025-07/2025***
Supervisor: Dr. Arlene Macdonald

- Contributed to qualitative research on faith-based health practices among the Sikh diaspora, with a focus on gender, religion, and therapeutic ecologies under paid research assistantship program.
- Investigated how acculturation, marginalization, and religious identity influence minority health behavior and access to care.

Baylor College of Medicine – Department of Innovation, Education and Technology **Houston, TX**
Research assistant - Department of Innovation, Education and Technology ***10/2022-03/2025***
Supervisor: Dr. Alana Newell

- Contributed to literature review on integrating medicine into K-12 STEM curriculum; summarizing findings to support educational outreach initiatives.

Walgreens **Mansfield, TX**
Pharmacy Technician ***06/2021 – 05/2022***

- Provided patient-facing support for financial responsibility, delivering proactive education to increase adherence and satisfaction.

Tracy A.

- Managed over 50 patient interactions daily, contributing to positive patient experience through financial counseling and service excellence.

Mansfield Methodist Hospital **Mansfield, TX**
Certified Pharmacy Technician – Intern ***08/2019 – 05/2020***

- Supported specialty medication preparation, including compounding and IV mixing under USP standards, and collaborated with pharmacists to triage and prioritize urgent medication needs.

PROJECTS

University of Houston | Dr. Jennifer Leasure
"High Sodium Diet and Memory Impairment"

- Conducted an in-depth literature review on the neurocognitive effects of high-sodium diets, evaluating rodent and human studies across neuroscience and nutrition to explore links between diet and cognitive decline.

University of Houston | Dr. Harun Yoruk
"The Impact of Smoking on the Rate of Cognitive Decline with Aging: A Review of Literature for Tobacco and Nicotine Consumption on Cognitive Effects"
Reviewed empirical studies on tobacco/nicotine use and its cognitive effects across aging populations, synthesizing psychological and neurobiological evidence to assess long-term implications.

Clinical-Regulatory RAG Assistant
Independent Portfolio Project

- Built and evaluated a local, source-cited AI tool for querying FDA/ICH/HHS clinical-research regulations (August 2026). Designed a groundedness-and-refusal test set emphasizing verification over automation; both cases in the initial evaluation returned correctly grounded, source-cited answers

EDUCATION

- **B.S. - University of Houston**
  - *Dean's List 3-time recipient*

CERTIFICATIONS & TRAINING

- **Good Clinical Practice (GCP)** ***2025 – 2028***
  - NIDA Clinical Trials Network | National Institute on Drug Abuse (NIH)
- **Biomedical Human Subjects Research** ***2025 - 2028***
  - Collaborative Institutional Training Initiative (CITI) Program
- **Health Information Privacy & Security (HIPS)** ***2025 - 2028***
  - Collaborative Institutional Training Initiative (CITI) Program
- **Clinical Trials Coursework - Johns Hopkins University** ***2026 -***
  - Clinical Trials Operations
  - Biostatistics in Public Health
- **Data Management for Clinical Research(REDCap) - Vanderbilt University** ***2026 -***

SKILLS/INTERESTS

Technical Skills: Biospecimen Coordination, Patient-Facing Support, REDCap, SaaS, GCP Regulatory Documentation, HIPAA/Health Information Privacy, Medication Education, Transcription, Literature Synthesis, Data Interpretation, Microsoft Office Suite, Adobe Acrobat, Epic EHR, Athena EHR, Care Management, Prior Authorization Submission & Appeals.
Engagement: Cross-Functional Team Leadership, Health Literacy Campaigns, Health Education Material Design, Volunteer Coordination.
